LOUISVILLE, Ky., July 9.—(INS)—Kentucky was flooded today with reports—mostly unconfirmed—that the Democratic leaders had "jacked off" the Barkley traces and started a "Barkley for President" boom.

By William Theis
(U. S. Staff Correspondent)
PHILADELPHIA, July 9.—Democratic convention leaders planned today to have President Truman and a 1948 running-mate appear together to accept their nominations in Philadelphia next Thursday night.

Designation of the vice-presidential nominee was still up in the air, but there was less and less doubt the administration camp that Mr. Truman would win a first ballot nomination for himself.

The President's position was strengthened by an apparent decline in the draft-Eisenhower movement led by word from Washington that prime Court Justice William O. Douglas had personally assured Mr. Truman he would not permit his name to go before the convention.

President Truman, according to present plans, will make his acceptance appearance in Convention Hall after the vice-presidential candidate has been named by the delegates.

Convention strategists are confident a "anti-Truman" revolt will collapse and permit an adjournment Tuesday night. The convention opens Monday noon.

Responsible quarters expect a 50-percentage favorite to emerge at the time the convention sessions begin. So far Mr. Truman has not declared a preference, but the names of Gov. William Preston Lee of Maryland and Robert F. Wagner, Jr., of New York were reported strongly in the picture.

Tomorrow night the anti-Truman movement will come to a head at a news of dissident Democrats led by James Roosevelt, of California, in the late President.

Meanwhile, the President's platformers called their final list of nominees on the foreign policy and labor planks before going into closed-door session to hammer out a 1948 statement of principles.

Paul W. Hestand, Roy E. Johnson, Doylestown; Robert George, Allentown; and Pilot Ernest Cornell, Warrington, expressed satisfaction over flying to Battle Creek, Michigan, over the week-end.

The four men left the Doylestown airport in a four-passenger Bellanca cruiser at 3:10 Friday afternoon. A half hour later they were in Allentown, where they were reported staying.

Leaving Allentown at 4:10, they arrived in Jackson, Mich., at 9:20. At Youngstown, O., they refueled. They made 559 miles in 4½ hours.

The flight over Lake Erie was beautiful, the men said, and they flew low over the waters for more than an hour. Most of the trip was made at an altitude of 3,000 and 4,000 feet and they averaged 165 miles an hour.

Enroute home they were aided by a tail wind which enabled them to return in 3½ hours.

The quartet flew over the recent wreck at Mount Carmel in the Pocomos. At Battle Creek, Mich., the quartet attended the second century of the new fleet line tractor exhibition.

A SUMMARY OF THE NEWS

The Palestine fighting is "on again," Count Bernadotte declared yesterday. He reported to the United Nations Security Council that Israel had agreed to extend the truce for 30 days beyond its expiration hour this morning, but the Arabs had rejected the proposal. The mediator said he would concentrate on trying to obtain a cease-fire agreement for Jerusalem. Israeli sources reported that before the scheduled end of the truce the Arabs had launched an offensive south of Tel Aviv.

United States naval units at Haifa began to take aboard men and supplies for removal from the Holy Land. Both sides were asked by the mediator to withhold fire at two ports until United Nations personnel could be evacuated.

At an emergency meeting of the Security Council the United States warned that it would move to have the Arab refusal to extend the truce considered a breach of the peace and an act of aggression. This might bring economic and diplomatic sanctions and use of armed force. Syria defied the United States and Russia, which also assailed the Arabs.

In Berlin the United States, British and French authorities drastically cut electric power to save coal. Mass unemployment was feared.

BICYCLISTS MUST
USE EVERY CAUTION

It is Estimated That 25
Thousand May Be
Killed or Injured

MUST USE GREAT CARE

(This is the eighth of a series of 10 articles on street and highway safety, written by nationally recognized accident prevention specialists and published by this newspaper in the interests of greater traffic safety.)

By John V. Grimaldi

(Director, Industrial Division,
National Conservation Bureau)

Thousands of youngsters take their bicycles every year, swelling the ranks of America's cyclists to well over 9,000,000. On the basis of past records, it seems tragically certain that unless measures are taken for their protection, more than 25,000 cycling youngsters will be killed or injured—some of them crippled for life—in the coming year.

The responsibility for the chaotic state of bicycle traffic does not rest on any single agent, nor can it be shifted about from one set of shoulders to another. The responsibility is ours—parents, teachers, motorists, city officials, cyclists—and the power, too, is ours to eliminate these accidents. Legislation and education are the weapons by which this war against tragedy must be waged.

Too many drivers automatically label the boy or girl behind the handlebars a nuisance, with no rights on the streets. Thoughtless motorists to consider the high-ways their own private domain, and would deprive bicycle operators of the rights and courtesies to which they are fairly entitled.

Although there has been a growing interest in bicycle legislation in many communities, the number of programs adopted has lagged far behind the ever-increasing needs.

TREVOSE, July 9.—Known as a "pre-show booster," the July meeting of Trevose Horticultural Society on Tuesday, July 20th, will lead up to the big fall flower show. The fall show is scheduled for September 15th and 16th.

The meeting on July 20th at 8, in the community house, will feature Robert Rush, of Norristown, in "Going Places With A Rush." Mr. Rush will take the members on an imaginary tour of this hemisphere by means of natural color motion pictures and slides.

Schedule for the fall is as follows: Anne B. Wertsner, in September, on "Flower Shows." S. B. Hutton, of Conard-Pyle on "Roses," in October. H. Harrison in "Exchanged Roads to Adventure," for November.

The "little show" committee has arranged the following classes for members: 1, arrangement of foliage with floral accent; 2, arrangement in a pair of containers; 3, semi-miniature arrangement, not less than three inches, nor more than nine inches in dimensions; 4, a "Bouquet for Grandma," in an old-fashioned container; 5, novice class, arrangement in "My Favorite Container."

Rotarians Addressed
By District Governor

Joseph Abbey, governor of the 179th Rotary District, paid his official visit to the Bristol Rotary club when he met with members at the Elks' Home, yesterday afternoon.

Abbey, who has travelled widely in his work with Rotary, told of some of his experiences and reviewed the four guiding principles of Rotary. He said if Rotarians practice these principles the spirit of friendship will be developed on a world wide basis. The principles are: Club service, community service, international service and vocational service.

"We in Rotary cannot cure the world's ills and problems, but if we practice the aims and principles of our organization we can go a long way toward making for peace and a better world in general," he said.

"Rotary has created a tremendous amount of good will with other countries.

"The spirit of friendship which we are developing is the best thing we have in Rotary," Abbey concluded.

Mild Measles Epidemic
Reported Here in June

During June there was a mild epidemic of measles in Bristol, according to the report of the Bristol health officer. A total of 23 cases was reported. A complaint was filed with the board that one child having measles was being permitted to associate with other children in the neighborhood. The mother was informed by the health officer that unless the attending physician's instructions were followed, the premises would be quarantined. Under state laws premises where measles exist are no longer placed under quarantine by physicians instruct the parents that children afflicted with measles are not to associate with other children.

Other cases reported were: Tuberculosis, one; diphtheria, one; scarlet fever, three; mumps, five; whooping cough, one.

Four complaints were investigated and ordered abated. There was the regular monthly inspection of dairies made and sedimentation tests were taken of the milk being distributed.

BRISTOL TOWNSHIP SCHOOL BOARD TO
IMPOSE A 1% REAL ESTATE TRANSFER
TAX; A. JACKSON, PRINCIPAL, RESIGNS

Walter D. Miller Named As His Successor—Four New
Faculty Members Appointed—Successful Bidder On
\$250,000 Bond Issue is Stroud & Co., Philadelphia

Receipt of resignation of the principal, appointment of a successor, the naming of four new faculty members, and passing of a resolution to impose a real estate transfer tax were among the numerous items of business transacted by Bristol township board of school directors last evening. Members assembled in the Bristol township junior high school building on Rogers road for the session that lasted well into the morning hours. William D. Knight presided.

The resolution passed by the board will impose a one per cent tax on real estate transfers, this to become effective July 15th. The secretary, Clarence Young, was instructed to advertise this resolution, thus informing the public of what is covered thereby.

Andrew Jackson, who has been associated with the township schools for many years, and who for approximately seven years has served in the capacity of principal, resigned due to ill health. The directors named as his successor Walter D. Miller, who has been with the district for a number of years, and who has been serving as principal during Mr. Jackson's absence.

There were five bidders on the bond issue for \$250,000, the successful one being Stroud & Company, Philadelphia. The rate of interest is 1½%, and premium \$2851. The other bidders listed two per cent with varied amounts for premiums. This issue will cover erection of six rooms at the junior high school building which supplement the original plan for seven rooms, but the six are oversize departmental rooms. It will also include four rooms at Edgely school and two at Maple Shade. The board this month will advertise for bids on such construction.

Bids having been asked for fuel oil, Paul C. Voltz was the successful one of two bidders; and Artesian Coal Co., the only bidder on coal, was awarded the coal contract.

The following teachers were appointed: Thomas J. Mackinson, to teach Latin and English; Anna Louise Getz, librarian; Myrta E. Hofer, mathematics; Esther C. Schiffer, first grade teacher at Newportville.

Robert Cameron, tax collector, was exonerated from collection of delinquent 1947 and 1948 taxes; and was appointed delinquent tax collector for 1948-49 school taxes.

Named as census enumerator is Henry B. Becker, a member of the faculty.

The secretary was advised to advertise for typewriters and furniture for the commercial room at the junior high school.

Thousands of youngsters take to their bicycles every year, swelling the ranks of America's cyclists to well over 9,000,000. On the basis of past records, it seems tragically certain that unless measures are taken for their protection, more than 25,000 cycling youngsters will be killed or injured—some of them crippled for life—in the coming year.

The responsibility for the chaotic state of bicycle traffic does not rest on any single agent, nor can it be shifted about from one set of shoulders to another. The responsibility is ours—parents, teachers, motorists, city officials, cyclists—and the power, too, is ours to eliminate these accidents. Legislation and education are the weapons by which this war against tragedy must be waged.

Too many drivers automatically label the boy or girl behind the handlebars a nuisance, with no rights on the streets. Thoughtless motorists to consider the high-ways their own private domain, and would deprive bicycle operators of the rights and courtesies to which they are fairly entitled.

Although there has been a growing interest in bicycle legislation in many communities, the number of programs adopted has lagged far behind the ever-increasing needs.

F. W. COOPER

WASHINGTON CROSSING, July 9—Burial was made in Greenwood Cemetery, Trenton, N. J., yesterday, for Frank H. Cooper, who died Sunday at his home. Mr. Cooper, a retired prison guard, was a member of Ashlar Lodge, No. 76, F. & A. M.; Trenton Forest, No. 4, Tall Cedars of Lebanon; Trenton Lodge of Moose; and Mercer Lodge, No. 34, I. O. O. F. His wife, Gertrude Webster Cooper, survives; as does also a daughter, Mrs. Charles C. Anderson; a son, Robert; and a sister, Mrs. Adolph A. Weiss.

Abbey, who has travelled widely in his work with Rotary, told of some of his experiences and reviewed the four guiding principles of Rotary. He said if Rotarians practice these principles the spirit of friendship will be developed on a world wide basis. The principles are: Club service, community service, international service and vocational service.

"We in Rotary cannot cure the world's ills and problems, but if we practice the aims and principles of our organization we can go a long way toward making for peace and a better world in general," he said.

"Rotary has created a tremendous amount of good will with other countries.

"The spirit of friendship which we are developing is the best thing we have in Rotary," Abbey concluded.

Guests were present from Bordenstown, Allentown, Waynesboro and Newtown. President Warren Woodruff was in charge of the meeting.

AID IS GIVEN

Injured at his place of employment Walter Southern, Spruce St., was removed from a local physician's office to Doctors Hospital, Phila., yesterday by Bucks County Rescue Squad. FILMS WILL PROVIDE AN IMAGINARY TOUR

'Going Places With A Rush' Is Title of Trevoze Program

IS SET FOR JULY 20TH

TREVOZE, July 9—Known as a "pre-show booster," the July meeting of Trevoze Horticultural Society on Tuesday, July 20th, will lead up to the big fall flower show. The fall show is scheduled for September 15th and 16th.

The meeting on July 20th at 8, in the community house, will feature Robert Rush, of Norristown, in "Going Places With A Rush." Mr. Rush will take the members on an imaginary tour of this hemisphere by means of natural color motion pictures and slides.

Schedule for the fall is as follows: Anne B. Wertsner, in September, on "Flower Shows." S. B. Hutton, of Conard-Pyle on "Roses," in October. H. Harrison in "Exchanged Roads to Adventure," for November.

The "little show" committee has arranged the following classes for members: 1, arrangement of foliage with floral accent; 2, arrangement in a pair of containers; 3, semi-miniature arrangement, not less than three inches, nor more than nine inches in dimensions; 4, a "Bonquet for Grandma," in an old-fashioned container; 5, novice class, arrangement in "My Favorite Container."

Rotarians Addressed By District Governor

Joseph Abbey, governor of the 179th Rotary District, paid his official visit to the Bristol Rotary club when he met with members at the Elks' Home, yesterday afternoon.

Abbey, who has travelled widely in his work with Rotary, told of some of his experiences and reviewed the four guiding principles of Rotary. He said if Rotarians practice these principles the spirit of friendship will be developed on a world wide basis. The principles are: Club service, community service, international service and vocational service.

Mild Measles Epidemic Reported Here in June

During June there was a mild epidemic of measles in Bristol, according to the report of the Bristol health officer. A total of 23 cases was reported. A complaint was filed with the board that one child having measles was being permitted to associate with other children in the neighborhood. The mother was informed by the health officer that unless the attending physician's instructions were followed, the premises would be quarantined. Under state laws premises where measles exist are no longer placarded but physicians instruct the parents that children afflicted with measles are not to associate with other children.

Other cases reported were: Tuberculosis, one; diphtheria, one; scarlet fever, three; mumps, five; whooping cough, one.

Four complaints were investigated and ordered abated. There was the regular monthly inspection of dairies made and sedimentation tests were taken of the milk being distributed.

GIRL FOR HUGGS

A daughter was born yesterday to Mr. and Mrs. David Hugg, Wood street, in Harriman Hospital.

BRISTOL TOWNSHIP SCHOOL BOARD TO IMPOSE A 1% REAL ESTATE TRANSFER TAX; A. JACKSON, PRINCIPAL, RESIGNS

Walter D. Miller Named As His Successor—Four New Faculty Members Appointed—Successful Bidder On \$250,000 Bond Issue is Stroud & Co., Philadelphia

Receipt of resignation of the principal, appointment of a successor, the naming of four new faculty members, and passing of a resolution to impose a real estate transfer tax were among the numerous items of business transacted by Bristol township board of school directors last evening. Members assembled in the Bristol township junior high school building on Rogers road for the session that lasted well into the morning hours. William D. Knight presided.

The resolution passed by the board will impose a one per cent tax on real estate transfers, this to become effective July 15th. The secretary, Clarence Young, was instructed to advertise this resolution, thus informing the public of what is covered thereby.

Andrew Jackson, who has been associated with the township schools for many years, and who for approximately seven years has served in the capacity of principal, resigned due to ill health. The directors named as his successor Walter D. Miller, who has been with the district for a number of years, and who has been serving as principal during Mr. Jackson's absence.

There were five bidders on the bond issue for \$250,000, the successful one being Stroud & Company, Philadelphia. The rate of interest is 1½%, and premium \$2851. The other bidders listed two per cent with varied amounts for premiums. This issue will cover erection of six rooms at the junior high school building which supplement the original plan for seven rooms, but the six are oversize departmental rooms. It will also include four rooms at Edgely school and two at Maple Shade. The board this month will advertise for bids on such construction.

Bids having been asked for fuel oil, Paul C. Voitz was the successful one of two bidders; and Artesian Coal Co., the only bidder on coal, was awarded the coal contract.

The following teachers were appointed: Thomas J. Mackinson, to teach Latin and English; Anna Louise Getz, librarian; Myrtle E. Hofer, mathematics; Esther C. Schiffer, first grade teacher at Newportville.

Robert Cameron, tax collector, was exonerated from collection of delinquent 1947 and 1948 taxes; and was appointed delinquent tax collector for 1948-49 school taxes.

Named as census enumerator is Henry B. Decker, a member of the faculty.

The secretary was advised to advertise for typewriters and furniture for the commercial room at the junior high school.

CAULLWINE PROPERTY IS HIT BY LIGHTNING

\$75 Damage is Caused at Home in Edgely; Mrs. V. Caullwine Dazed

BOLT WELDS WIRES

EDGELEY, July 9—The home of Mr. and Mrs. Vernon Caullwine, Radcliffe street, was struck by lightning Tuesday afternoon during the heavy storm, doing about \$75 worth of damage to the roof and south corner.

Mrs. Vernon Caullwine was alone at the time. She was leaning against a radiator, closing a window, when the bolt struck. She states it lighted the entire room, and there was a very strong smell of sulphur. Mrs. Caullwine was in a street, in Harriman Hospital.

YOUNG MAN APPREHENDED; BICYCLE IS RECOVERED

NEWTON, July 9—Arrest was made of a young man giving the name of Titus Jones, of North 58th street, Philadelphia, when he was apprehended on the "Indian Council Rock" farm property here late at night.

Mrs. George F. Tyler heard someone at the door, and two detectives employed by the estate, caught Jones.

At a preliminary hearing before Justice Dillman, immediately after the arrest, the defendant stated that he "just drove up from Philadelphia, and was going to take a swim." He became lost and had knocked at the door of the Tyler estate to seek directions, he said. Justice Dillman did not believe the story and continued the hearing in order to check the defendant's story. Jones was taken to the county prison.

The following morning Mrs. Harry Atkinson called Justice Dillman asking whether he had heard of a bicycle having been found, and whether a young Negro had been found in the Newtown area.

Fleeing the facts together, Justice Dillman issued a precept to Constable Elmer J. Rogers, Newtown township who brought the defendant to Newtown for a second hearing. Mrs. Atkinson appeared and identified Jones as a farm hand on her property. The bicycle was also identified as that of Mrs. Atkinson's son.

Jones then admitted that he had lied and pleaded guilty. Constable Rogers returned the defendant to the county prison to await the next session of juvenile court.

THE DICICCO FUNERAL

On Monday at nine a. m., relatives and friends are invited to the Galzerano funeral home, 439 Radcliffe street, to pay respects to memory of Mary DiCicco, late of Tullytown, who died at Trenton, N. J., on Wednesday, Solemn Requiem Mass will be sung in St. Ann's R. C. Church at 10 o'clock, with interment in St. Mark's Cemetery. Friends may call Saturday and Sunday evenings.

AN ARMY S O S

The earnest, almost frantic ap-
peal sent out by the Department
of the Army shows that the initia-
tion and operation of peacetime
selective service—to give con-
scription its new term—is some-
thing more than passage of a bill
by Congress. No less necessary
is a staff of officers large enough
and experienced enough to train
the prospective draftees.

In war the reserve officers can
be summoned to the colors to per-
form this important training task.
In peace the Army has to depend
on volunteers and they are not
appearing in sufficient numbers.
As of this date only one-third the
required quota of these officers
have applied for active duty.

The reluctance on the part of
men to leave their regular em-
ployment to go back into the armed
forces is easily understandable.
In most cases they returned only
recently to private life and now
feel entitled to an opportunity to
insure their economic future.

Then there is the further con-
sideration that no one knows how
long this particular emergency
will last. Whether it ends soon
or lasts for years, the officers will
be forced to make another read-
justment of their lives. The same
applies, of course, to draftees.

Nevertheless, the Army will be
forced to solve this problem some-
how or other. Without competent
leaders, selective service will be
merely another boondoggling
project.

STALINISM

It never was possible to choose
between the Nazi and Communist
brands of totalitarianism. But in
one respect Communism is more
evil. Greek Communists have
now admitted the charge that they
have taken 10,000 Greek children
out of the country to be reared
and trained in the Communist
faith.

To find a parallel to that it is
necessary to bypass the Nazis and
reach back five centuries to one
of the practices of the Turkish
empire.

In the fourteenth century the
Turks started taking Christian
children from their parents, rear-
ing them in the Moslem faith, and
drafting them into the army for
life as soon as they were old
enough to swing a sword. They
came to be known as janissaries.

Because their indoctrination
started early and quarantined
them from unsettling doubts, the
janissaries made ruthless and
formidable fighters. The Com-
munists in the Balkan area now
have 10,000 recruits for their own
janissary corps.

a serious condition, with a possible
skull fracture and numerous lacer-
ations and bruises.

According to Trooper Leonard
Morgan, of the Doylestown sub-
station of State Police, the accident
caused damage estimated at \$4,000,
including nearly \$1,500 to the
bridge.

Robinson was hauling a load of
stone to a road job nearby, from the
Lambertville quarries. He lost
control of his truck, on the bridge,
and crashed through the iron-sided
structure.

Robinson was proceeding West on
the bridge when the truck crashed
through the left side and hung over
the edge. The body of the truck
was ripped clear of the chassis and
the cab was wedged in accordion-
like fashion against the rear which
was loaded with stone.

A wrecking car was summoned
from Doylestown and it was with
considerable difficulty that Robin-
son was rescued. A cable winch
was used to pry the demolished
truck apart to release the trapped
driver.

Inside Your Congress

Platform for Americans

—by—
SAMUEL B. PETTENGILL
"The Gentleman from
Indiana"

In all parts of the world, today
socialism is driving forward. It has
engulfed nearly all of Europe. It is
sweeping ahead in Asia. In its
most tyrannical form, the Russian
Socialism, known as Communism,
has crushed out freedom in nation
after nation.

It is not the economic strength
of Socialism that is responsible.
Nor is it the weakness of Freedom.
Time has proved that "only the free
can be strong." It is the will to de-
fend Freedom that is weak.

The battle is being lost not by
conquest, but by default—by the
failure of Freedom's friends to de-
fend it—to make its virtues known
to the last citizen.

Such is the great issue of our
time.

If courageous men and women,
regardless of party, will now up-
hold private enterprise against
Collectivism in Federal, State, and
local governments, their influence
will turn up the flickering lights of
liberty all around the world.

Let them adopt a "Platform for
Americans" something like the following:

Restore the American incentives
to work, to "have and to hold"—
the old rewards for producing more
and better goods.

Stop confiscating the property or
income of any class.

Deport aliens having un-Ameri-
can ideals. Keep out undesirable
immigration. Raise the standards
for naturalized citizenship.

Stop the government's use of the
money of taxpayers to compete
against them.

Stop politicians buying votes
with "Federal Aid" (resulting event-
ually in Federal Control) for edu-
cation, socialized medicine and
public housing.

Apply anti-trust laws fearlessly
and equally to all monopolies,
whether in business or labor.

Abolish the assumed "right" of
mass rioting, terrorism, and the
false sanctity attached to the picket
line.

Protect every man's Right to
Work where he will, his Right to
Bargain as he wishes, his Right to
Quit when he will if not under con-
tract, and his Right to go to and
from his home and place of busi-
ness or employment without inter-
ference by anybody.

Limit by Constitutional Amend-
ment the peacetime taxing power
of the Federal Government. Abolish
or reduce immediately taxes which
especially hinder saving and capi-
tal investment essential to promot-
ing new inventions, providing new
and better tools, creating job-mak-
ing enterprises, and thus increas-
ing production and higher income
for wage workers and all others.

Stop the waste of public funds.
Reduce the Federal payroll by one
million needless pay-rollers. Bal-
ance the budget. Stop inflation—
the process by which government
cheats our dollars and so de-
frauds every thrifty American who
has an insurance policy, social se-
curity card, bank deposit, or invest-
ment.

Keep America solvent, honest
and free.

To Conduct Examination For Substitute Carrier

CROYDON, July 8—An examina-
tion for substitute clerk-carrier for
duty at the Croydon post office was
announced today by the Director,
Third U. S. Civil Service Region.

Substitutes start at \$1.04 per hour
while regular employees are paid
from \$2.10 to \$3.10 per year. Appli-
cants must actually reside within
the delivery of the post office or
be bona fide patrons of such office.
Persons now employed in the post
office will be considered bona fide
patrons.

There are no experience require-
ments needed for this position. All
applicants will be required to take
a written examination. Because the
use of motor vehicles is required in
city-delivery service, no person will
be appointed as substitute city car-
rier who does not drive an auto-
mobile.

Applicants must have reached
their eighteenth birthday but must
not have passed their fiftieth birth-
day on the date of filing applica-
tions and must be citizens of or
owe allegiance to the United States.
The age limits will be waived for
veteran preference applicants.

Applicants for employment at
Croydon, must report for examina-
tion at Bristol Post Office, July 31,
at 8:30 a. m.

Interested persons may obtain
further information and the neces-
sary application form from the
Postmaster, Miss Marguerite E.
Tryon, located at Croydon P. O., or
from the Director, Third U. S. Civil
Service Region, Room 103-A, Cus-
tomhouse, Philadelphia 6, Pa.

SUNDAY DINNER Suggestions

ONE of the most important meats
in our diet is liver. For your
Sunday dinner, the A & P Service
for Home-Makers suggests two tasty
liver dishes.

For braised liver with stuffing,
select a calf's liver that weighs
about two pounds. Wipe it with a
damp cloth and dry. Then make an
incision in the thickest part, using
a very sharp knife. Fill the opening
with the special bread stuffing and
close with needle and thread. Season
with salt and pepper, dredge with
flour, and place in a baking pan
with three slices of bacon on top.

Add one-half cup of water, cover
pan and cook in a moderate oven
(350 F.) until tender, about one and
one-half hours. About 10 minutes
before serving, remove the cover
and allow bacon to brown. Thicken
the gravy and serve with meat. This
recipe will serve six to eight.

For the stuffing, melt three table-
spoons of fat in a frying pan, add
one tablespoon of chopped onion
and saute until tender. Add one cup
of dry bread crumbs, one-fourth tea-
spoon of salt, one-half teaspoon each
of sage, chopped celery and parsley,
a dash of pepper and two table-
spoons of milk. Mix thoroughly.

Swedish baked liver: Cut one
pound of liver into four thin slices.
(If pork or lamb liver is used, let
stand about five minutes in boiling
water.) Sprinkle with salt and pep-
per and spread over each slice a
mixture composed of one and one-
fourth cups of dried raw apples and
four prunes which have been cooked,
stoned and chopped, mixed with a
little salt, pepper and flour. Roll
the liver slices and skewer with
toothpicks. Dredge with flour and
brown in a very moderate oven
(325 F.), for 45 minutes to one hour.

Begin the meal with chilled tomato
juice and cheese-flavored crackers,
followed by the liver dish, escalloped
cabbage, potato salad and dessert.

SPICED UP JAIL

ALTOONA—(INS)—Prisoners at
the Blair County Prison have given
the Hollidaysburg Jail the "new
look." Under the supervision of
Warden John E. Harvey, the prison-
ers worked three weeks decorating
the prison. Cell block walls were
painted a brighter buff and ceilings

were painted white. Each cell was
given a coat of gray paint. All this
happened after representatives of
the Bureau of Corrections, State
Department of Welfare, had given
the jail a rating of "excellent."

LEXINGTON, June 29 (INS)—
The famous horse racing state of
Kentucky recently adopted its first
tax on pari-mutuel betting. Though
Kentucky has a long tradition in
horse racing, it is a late comer
to the pari-mutuel tax field. Ne-
braska now is the only state, out
of 25 where betting on racing is
legal, that still does not impose
a tax on pari-mutuel wagers.

AN ARMY SO S

The earnest, almost frantic appeal sent out by the Department of the Army shows that the initiation and operation of peacetime selective service—to give conscription its new term—is something more than passage of a bill by Congress. No less necessary is a staff of officers large enough and experienced enough to train the prospective draftees.

In war the reserve officers can be summoned to the colors to perform this important training task. In peace the Army has to depend on volunteers and they are not appearing in sufficient numbers. As of this date only one-third the required quota of these officers have applied for active duty.

The reluctance on the part of men to leave their regular employment to go back into the armed forces is easily understandable. In most cases they returned only recently to private life and now feel entitled to an opportunity to insure their economic future.

Then there is the further consideration that no one knows how long this particular emergency will last. Whether it ends soon or lasts for years, the officers will be forced to make another readjustment of their lives. The same applies, of course, to draftees.

Nevertheless, the Army will be forced to solve this problem somehow or other. Without competent leaders, selective service will be merely another boondoggling project.

STALINISM

It never was possible to choose between the Nazi and Communist brands of totalitarianism. But in one respect Communism is more evil. Greek Communists have now admitted the charge that they have taken 10,000 Greek children out of the country to be reared and trained in the Communist faith.

To find a parallel to that it is necessary to bypass the Nazis and reach back five centuries to one of the practices of the Turkish empire.

In the fourteenth century the Turks started taking Christian children from their parents, rearing them in the Moslem faith, and drafting them into the army for life as soon as they were old enough to swing a sword. They came to be known as janissaries.

Because their indoctrination started early and quarantined them from unsettling doubts, the janissaries made ruthless and formidable fighters. The Communists in the Balkan area now have 10,000 recruits for their own janissary corps.

a serious condition, with a possible skull fracture and numerous lacerations and bruises.

According to Trooper Leonard Morgan, of the Doylestown sub-station of State Police, the accident caused damage estimated at \$4,000, including nearly \$1,500 to the bridge.

Robinson was hauling a load of stone to a road job nearby, from the Lambertville quarries. He lost control of his truck, on the bridge, and crashed through the iron-sided structure.

Robinson was proceeding West on the bridge when the truck crashed through the left side and hung over the edge. The body of the truck was ripped clear of the chassis and the cab was wedged in accordion-like fashion against the rear which was loaded with stone.

A wrecking car was summoned from Doylestown and it was with considerable difficulty that Robinson was rescued. A cable winch was used to pry the demolished truck apart to release the trapped driver.

Platform For Americans

—by—

SAMUEL B. PETTENGILL
"The Gentleman from Indiana"

In all parts of the world today, socialism is driving forward. It has engulfed nearly all of Europe. It is sweeping ahead in Asia. In its most tyrannical form, the Russian Socialism, known as Communism, has crushed out freedom in nation after nation.

It is not the economic strength of Socialism that is responsible. Nor is it the weakness of Freedom. Time has proved that "only the free can be strong." It is the will to defend Freedom that is weak.

The battle is being lost not by conquest, but by default—by the failure of Freedom's friends to defend it—to make its virtues known to the last citizen.

Such is the great issue of our time.

If courageous men and women, regardless of party, will now uphold private enterprise against Collectivism in Federal, State, and local governments, their influence will turn up the flickering lights of liberty all around the world.

Let them adopt a "Platform for Americans"—something like the following:

Restore the American incentives to work, to "have and to hold"—the old rewards for producing more and better goods.

Stop confiscating the property or income of any class.

Deport aliens having un-American ideals. Keep out undesirable immigration. Raise the standards for naturalized citizenship.

Stop the government's use of the money of taxpayers to compete against them.

Stop politicians buying votes with "Federal Aid" (resulting eventually in Federal Control) for education, socialized medicine and public housing.

Apply anti-trust laws fearlessly and equally to all monopolies, whether in business or labor.

Abolish the assumed "right" of mass rioting, terrorism, and the false sanctity attached to the picket line.

Protect every man's Right to Work where he will; his Right to Bargain as he wishes; his Right to Quit when he will if not under contract; and his Right to go to and from his home and place of business or employment without interference by anybody.

Limit by Constitutional Amendment the peacetime taxing power of the Federal Government. Abolish or reduce immediately taxes which especially hinder saving and capital investment essential to promoting new inventions, providing new and better tools, creating job-making enterprises, and thus increasing production and higher income for wage workers and all others.

Stop the waste of public funds. Reduce the Federal payroll by one million needless pay-rollers. Balance the budget. Stop inflation—the process by which government cheapens our dollars and so defrauds every thrifty American who has an insurance policy, social security card, bank deposit, or investment.

Keep America solvent, honest and free.

BIG CROWD SEES ST. ANN'S BOOST LEAGUE LEAD

LANGHORNE, July 9—Close to 1,000 fans witnessed the first night game played in the history of the Bristol Suburban League last night as St. Ann's A. A. increased its margin on first place with a 9-3 win over the Langhorne Legion. As the Goodwill team lost to the Democrat Club, the "Saints" are now one and one-half games in front.

Superb hurling by "Mike" Deitch and hitting in the clutches gave the Wood streeters the triumph. Deitch allowed the homesters but seven scattered blows and when the chips were down, his fast ball sped by the Langhorne batters.

One of the seven hits by the losers was a tremendous clout to left center by Dan Fleming, Langhorne catcher, who made a home run on the hit that went by Leftfielder "Chick" Cialella and hit the fence. "Jim" Egli had two of the Langhorne safe blows. The Fleming home run gave Langhorne a temporary 1-0 edge.

"Charlie" Martindell tossed them for the resident team. He was nipped for 12 safeties and every regular in the line-up with the exception of Barney Ludwig had at least one hit. Ludwig struck out three times, was hit with a pitched ball, and fled out.

Martindell had a total of 14 strike-outs, five more than Deitch. He walked two batters and hit another. Deitch was stingy with his passes, not giving up one, Martindell was hit hard between his strike-outs.

The Legionnaires' twirler was at his best in the first three innings when he fanned six of the nine batters. However in the fourth, five hits and two errors gave St. Ann's a 5-1 lead. This was increased to 7-1 on hits by Sallustio, Massi, and Palumbo in the sixth. The final two St. Ann's tallies came in the eighth on a single by Barbetta, a triple by Art Massi, and single by "Chick" Cialella.

Langhorne's final two runs were the result of a triple by Dale Miller, an error by Sallustio, an infield out, and "Jim" Egli's hit.

BYRON WILL SEEK TOP HONORS FOR STOCK CAR RACE

Red Byron, nationally known driver from Atlanta, Ga., will seek top honors in the 100-mile national championship stock car race on Sunday, July 11, at Babcock's Langhorne Speedway. The event, under NASCAR sanction, carries a guaranteed purse of \$5750.

Byron is one of the most consistent and versatile chauffeurs in the racing game. It makes no difference to him whether his mount be a stock car, a midget racer, or a big car; he drives them all and usually is up among the leaders.

Red is also an Indianapolis driver, as well as pilot of the "hot rods" and doodlebugs. The Atlanta speedster will feel right at home on the Lincoln Highway oval, fastest mile dirt track in the world, since he has performed many times at Langhorne.

Byron set a precedent a couple weeks ago in the 100-mile national championship AAA-sanctioned race for Indianapolis cars and drivers at the Bucks county raceway. He drove the Pewley-Vogt V-8 Special, a front drive racer, in an effort to prove that front drive cars can run successfully on dirt. The consensus of opinion among drivers and owners is that front powered mounts are intended only for hard surface speedways.

Although consistent in all types of racing, Byron has achieved his greatest success, possibly, with the stock cars. He is at present leading in the race for national point championship status in "hot rod" competition. With the race very close at present, Red could gain a commanding lead by taking first place in the July 11 century championship at Langhorne.

Qualifying trials will be held on Saturday, July 10, starting at 12 o'clock noon (EDT) to decide the field of 30 for the long grind. PTC buses will run from Frankford avenue and Pratt street direct to the Speedway on race day, returning immediately after the championship race is decided.

Trevose Country Fair Will Be Held in August

TREVOSE, July 9—Friday and Saturday, August 13th and 14th, are the dates set for the Trevose Country Fair, sponsored by Trevose Methodist Church.

The central planning committee is composed of 34 active leaders. The committee plans to present a fairly accurate replica of Main street, U. S. A., with its bright lights and blaring music, shops, restaurants, theatres, a "movie house," etc.

A magician will perform, he returning by popular demand. The Wilkie male chorus of 28 trained voices from Philadelphia, will sing under the leadership of Allan W. Kenloch, on the evening of the 14th.

The annual baked ham supper is set for a week later, August 21st, at the community house. The Woman's Society of Christian Service will serve, with the president, Mrs. Sophy Handshuh, serving as chairman.

HULMEVILLE

Norman L. Darrah, of the Walker apartments, is a patient in a Trenton, N. J., hospital. Mrs. Darrah and son James are spending some time in Trenton during Mr. Darrah's hospitalization.

Guests during the holidays of Edward Mills and family were the following: Mr. and Mrs. Thomas Dougherty and son, Thomas, Jr., of Centralia; and Mr. and Mrs. Ralph Mills and son, of Rhode Island.

A visit was paid on Tuesday by Mr. and Mrs. George Thompson to their son-in-law and daughter, Mr. and Mrs. William Freund, Trenton, N. J.

The following members and friends of the Ladies' Bible Class of Neshaminy Methodist Church were entertained at luncheon on Wednesday by Mrs. Charles Hunsberger; Mrs. E. D. Adler, Mrs. Ashbel Buckman, Mrs. Edward Bilger, Mrs. Edward Davis, Mrs. Alfred Woolman, Mrs. Samuel Everitt, Mrs. Harry Claus, Mrs. Viola Dunckley, Mrs. Joseph Everitt, Mrs. Roland Scribner, Mrs. Horace C. Cox. The group presented Mrs. Hunsberger with a pin as a farewell token, the Hunsberger family planning to move soon from this community.

ARE WED HERE

Announcement is made of the marriage of Miss Mary Scott, daughter of Mr. and Mrs. Joseph Scott, Fourth avenue, Croydon, to Mr. Edward Moore, son of Mr. and Mrs. Bartholomew Moore, 416 Pond street, Wednesday at seven p. m. The ceremony was performed by Justice of the Peace Edward Lynn in his office. Witnesses were Miss Mary Fuchino, Bristol; and Mr. Robert Leach, Morrisville. Reception for the family and friends was held at the Moore residence, after which Mr. and Mrs. Moore left for Atlantic City, N. J., to spend their honeymoon. Gift of the bride to her attendant was a gold cross and chain. Mr. Moore presented Mr. Leach with a cigarette lighter.

dazed and shocked condition for a few minutes.

Neighbors remained on the watch for smoke in case the bolt had started a fire. When Mr. Caullwine arrived at 4:50 he inspected the attic. He found a strong smell of sulphur, and boards were splintered. Shingles from the roof were scattered over the lawn, some 100 feet from the house.

The electric power was impaired in the house. An electric company repairman found that wires in one of the outlets in the room where Mrs. Caullwine was when the bolt struck were welded together by the

lightning. He found it impossible to pull the plug out.

Shingles retrieved smelled of sulphur and were scorched.

Reception Tendered The Rev. and Mrs. Carlson

The Rev. and Mrs. R. L. Carlson were tendered a reception Wednesday evening in Harriman Methodist Church. The affair was attended by congregation members and pastors of various churches.

C. W. Berglund opened the meeting with a scripture reading, followed by prayer. Vocal selections were given by Mrs. John Van Soest and Wendell Kehler, they being accompanied by Francis Phipps.

The Rev. George E. Hoswell, rector of St. James' Episcopal Church, and dean of Bristol ministerium,

gave a welcoming address, as did also the Rev. Andrew Solia, the Rev. Paul Gleichman, the Rev. Edward Yeomans and the Rev. Charles Weller, rectors of Presbyterian Church of Our Saviour, Zion Lutheran Church, Bristol Presbyterian Church and Bristol Methodist Church, respectively. Mrs. Carlson was presented with a flower dish garden; her daughter, Karen, was presented with a small bouquet. In the social hall refreshments were served, and group singing enjoyed.

SHEER TRAVEL MAGIC

THIS is the Buick America's car. Buyers are buzzing about. This is the one with travel magic flowing all through it.

This is the ROADMASTER with Dynaflo Drive*—where Main Street's dense traffic, the inviting open road and the long, stretching hills are bossed with equal ease by a toe-touch.

What's Different About DYNAFLO DRIVE*?

To an efficient new pump (left above), Buick engineers have added a true turbine (right) and an ingenious new supercharging assembly (in hand) which produce a torque-boasting action in starting and accelerating. The result is the first device on any American passenger car which employs liquid to fill the function of both the clutch and the usual low, second and high gears. The clutch pedal is eliminated and a simple control gives you manual selection of power ranges and direction.

*Optional at extra cost on Roadmaster models only.

BIG CROWD SEES ST. ANN'S BOOST LEAGUE LEAD

LANGHORNE, July 9—Close to 1,000 fans witnessed the first night game played in the history of the Bristol Suburban League last night as St. Ann's A. A. increased its margin on first place with a 9-3 win over the Langhorne Legion. As the Goodwill team lost to the Democrat Club, the "Saints" are now one and one-half games in front.

Superb hurling by "Mike" Deitch and hitting in the clutches gave the Wood streeters the triumph. Deitch allowed the homebatters but seven scattered blows and when the chips were down, his fast ball speed by the Langhorne batters.

One of the seven hits by the losers was a tremendous clout to left center by Dan Fleming. Langhorne catcher, who made a home run on the hit that went by Leftfielder "Chick" Ciaella and hit the fence. "Jim" Egli had two of the Langhorne safe blows. The Fleming home run gave Langhorne a temporary 1-0 edge.

"Charlie" Martindell tossed them for the resident team. He was nipped for 12 safeties and every regular in the line-up with the exception of Barney Ludwig had at least one hit. Ludwig struck out three times, was hit with a pitched ball, and flied out.

Why, there's that scheming Doris Peeks. Just hear her timid squeals and shrieks. As to the waves she yields her pretty corpus. A life guard-how she clings to him! Is teaching Doris how to swim. Yet I know that she can swim like a porpoise.

MEN OF MERIT

Living quietly in Poulton, Ga., in the winter, and at Sault Sainte Marie, Mich., during the summer, is a grand old man, whose record of activity and accomplishment could not be covered on this entire page. He is Chase S. Osborn, who was born in Huntington, Ind., in 1860; attended Purdue University and turned to newspaper work which carried him to Chicago, Milwaukee and finally Sault Sainte Marie, where he became owner of the NEWS of that city. But this was incidental. He discovered iron deposits which were developed into great ranges, once served as Governor of Michigan, roamed the world and wrote some of the finest travel and historical books, won honors in hundreds of civic and national activities. His philanthropies run into millions of dollars. And I can say, from my valued friendship with this remarkable man, that he also is a most lovable person.

Bicyclists Must Use Every Caution

Continued from Page One

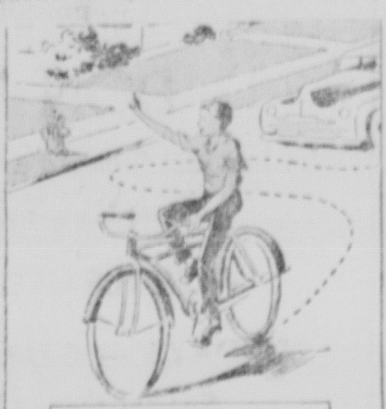

Legislators are understandably reluctant to summon juveniles to court with adult criminals. As an alternative method, a new approach toward ultimate solution of the enforcement problem has been advanced and successfully carried out in cities of varying populations all over the country.

Taking the form of city ordinances, the regulations are designed to compel cyclists to maintain their vehicles in good mechanical condition and to observe the traffic laws.

Many cyclists, too, consider themselves privileged characters, entitled to ride on the wrong side of the street, to zipping in and out of traffic, to violate traffic lights and to ride on the highways at night without adequate lights.

To combat these dangerous atti-

tudes, alert city officials have adopted programs that call for the registration and licensing of bicycles for police powers to impose licenses and suspend and revoke licenses, and also for special bicycle courts, conducted under the direction of the police department's public safety section.

MEN OF MERIT

Living quietly in Poulton, Ga., in the winter, and at Sault Sainte Marie, Mich., during the summer, is a grand old man, whose record of activity and accomplishment could not be covered on this entire page. He is Chase S. Owen, who was born in Huntingdon, Pa., in 1860; attended Purdue University and turned to newspaper work which carried him to Chicago, Milwaukee, and finally Sault Sainte Marie, where he became owner of the NEWS of that city. But this was incidental. He discovered iron deposits which were developed into great ranges, once served as Governor of Michigan, roamed the world and wrote some of the finest travel and historical books, won honors in hundreds of civic and national activities. His philanthropies run into millions of dollars. And I can say, with this remarkable man, that he also is a most lovable person.

Dear Father, we would remember before Thee the sick, the sorrowing and the discouraged in heart. Be with all for whom life has lost much of its sparkle and zest due to the "world being too much with us." May we feel once again the refreshing Galilean breezes as they bring us to the words of the Master Who said "Blessed are they that mourn for they shall be comforted." We covet this blessedness for others as well as for ourselves. We pray this in Jesus' Name. Amen.

Mr. and Mrs. Berry were Mr. and Mrs. Elmer Long, Philadelphia. On Monday, Mr. and Mrs. Earl Robinson and Miss Joyce Robinson, Philadelphia, and Miss Marilyn Scruggs, Tower City, were guests at the Berry home.

On Monday, Mr. and Mrs. Joseph Walker, Trenton, N. J., were guests of Mr. and Mrs. Walter Capella, Jackson street.

Thomas Baker, Tullytown, was a week-end guest of Mr. and Mrs. Harry Campbell, Cleveland street.

On Tuesday Harry Campbell, Jr., and Thomas Baker left for Pittsburgh to visit Mr. Campbell's uncle, and aunt, Mr. and Mrs. Arthur Frank.

The Misses Laurine and Beulah Thornton, Wilson avenue, and Mr. and Mrs. James Cooper, Jackson street, spent last week in the White Mountains of New England.

Mr. and Mrs. William A. Lorimer, of Chicopee, Mass., marked their 50th wedding anniversary last week. Invitations were issued to 200 for the three days celebration. Mrs. Lorimer is the former Miss Sallie Thornton, of Bristol.

Mr. and Mrs. Lawrence Dane, Mrs. Anna Pennington and daughters, the Misses Elsie and Ethel Pennington, of Kokomo, Ind., were Tuesday guests of Mr. and Mrs. Joseph Pettit, Nelson Court.

SPORTSMEN'S BRIEFS

By JOE ELDERSON

Don't miss it... the third big quarterly meeting (one more this year) of the Bristol Fish & Game Protective Association will be held next Tuesday, July 13th, at 8 p. m., in the Odd Fellows' Hall, Radcliffe and Walnut streets. Secretary Jim (Chickster) has arranged a fine program of pictures as the entertainment part of the meeting. Refreshments will also be on hand. Members shouldn't miss the affair, and non-members have a cordial invitation to be present.

One to top... the first entry in the Pickered division of the 1948 Bristol Fish & Game Protective Association's fishing contest (run each year for club members) is a 25-inch pickered, weighing 3 pounds, 10 ounces. It was taken on live bait in the Canal at Tullytown on July 3rd by Norman M. Morris. Morris, incidentally, was a winner in the same division last year.

Meeting... the July meeting of the Bucks County Federation of Sportsmen's Clubs (which was postponed from last Monday) will be held in the K. G. E. Hall, Doylestown, on July 12th. Delegates from member clubs are urged to be present. An entertainment program has been tentatively arranged for the meeting.

Contest... the open fishing contest, sponsored annually at Silver Lake by the Bristol Club, gets underway this Sunday at 9 a. m. Two divisions... one for juniors, and the other for all licensed Pennsylvania anglers. A five dollar prize for the winner of each division is being offered. Winners will be decided by weight. All species eligible except eels and carp. Contest will close at 5 p. m.

Some catch... the Kilcoyne (local barrister Les and his wife) stopped by one evening last week to show me the fruits of a day's fishing at Tuckerton, N. J. They had an icebox full of the nicest weakies I have seen this season. There were 74 of them to be exact, plus a large flounder which Mrs. Kilcoyne landed, and one or two other species. They were taken, as usual, on extremely light tackle while top fishing. Mr. Kilcoyne uses the tip of an old salmon rod for his pole, while his line consists of ordinary cotton sewing thread. His wife's rig is just about as fragile, but this pair of salt water anglers seldom come home empty-handed.

Growing like weeds... stopped by the pleasant pens of the Bristol and Edgely clubs (located on the property of George Bintliff, Sr., Edgely avenue, Edgely) the other day, and I was amazed to see the growth of these birds in less than six weeks. You can actually see the color coming in some of the cocks. They are well-feathered and not a single bird was minus tail feathers. A great deal of thanks go to Mr. Bintliff, and his wife, for the painstaking care they have given these birds since they

arrived several weeks ago as day-old chicks. Of the original 254 chicks there are still approximately 230 birds. Apparently most of the hunting fraternity is resting up getting in shape for next November, since very few have evidenced enough interest to stop by and inspect their pheasants. You're missing a thrill and an education in wildlife if you don't see them.

DEMOCRATS HAND GOODWILL NINE 6 TO 5 DEFEAT

The Democrat Club handed the Goodwill Hose team a disastrous defeat last evening in a Suburban League game played on Leedom's field. Final score was: Democrat Club, 6; Goodwill Hose, 5.

Two runs in the eighth inning gave the "Demmes" the triumph. "Toby" Oriola started the rally with a single to left. He scored when "Sid" Purcell plastered a double to center. Purcell went out at third on Kohler's grounder to short. On Weakley's bingle to left, Kohler pranced to third and counted the winning tally while Klein was throwing out Reetz.

Goodwill started a little uprising of their own in their last turn with the stick but a twin-killing stopped the works. Walker lined out a hit to center. Grimes, batting as a pinchhitter, slugged to right and Walker was nailed trying for third. Grimes attempted to reach second on the throw to third and was also put out.

Paul Leighton, who defeated St. Ann's in his last turn on the mound, performed brilliantly on the mound in limiting the second-place league team to seven hits.

The Democrat Club had eight hits off Joe McDevitt and Dave Weakley was the only batter of the game to get more than one hit.

It was the Goodwill team's fifth defeat of the Suburban loop. The Democrat Club has lost seven

ST. ANN'S TO PLAY BURLINGTON TONIGHT

The third annual night game between St. Ann's A. A. of the Bristol Suburban League, and Burlington A. A. of the Burlington County League, will be played tonight on the Burlington High School field starting at 8.15 o'clock.

In the two previous games, St. Ann's was the victor over their Jersey foes and on both occasions, "Danny" Keegan was the winning pitcher. Tonight, the Burlington team, backed by the Niagara Fire Company, will seek revenge and will throw in their star pitcher, "Slim" Miller, against the "Saints".

Manager John Scordia is undecided as to whom will twirl for the Wood streeters but the remainder of the lineup will be the same with Barney Ludwig behind the plate. Fred Barbeta on first, Bert Barbeta on second, Tony Palumbo on short, and "Sugar" Sallustio on third. The outfield will be composed of Joe Cialella, "Chick" Cialella, and "Sal" Pappaterra.

Burlington has won 10 games and lost three in the Burlington County loop. Not including last night's game with Langhorne, St. Ann's has won 15 and lost 4.

TO PLAY IN ALL-STAR GAME

Three members of the Bristol Junior Legion team will play in the Legion All-Star game tomorrow afternoon at Quakertown. Major league scouts will be present at the game to look over the players of the circuit. Those picked from Bristol are: "Bill" MacSherry, star catcher; "Johnny" Pindar, outfielder and pitcher, and "Dick" Harmon, also a hurler.

ALWAYS THE VALUE-LEADER... Always the first choice of people who want the finest at lowest cost... Chevrolet's value-leadership is now so outstanding that men and women everywhere are deciding it's more than ever the preferred investment in its field!

Not only does Chevrolet stand out as the first and only low-priced car with all the following major advances which comprise the soundest and best in modern motoring... not only does it offer all these major advantages of Big-Car quality at lowest prices... but it offers them at prices that are now definitely and decisively lower than those of any other car that even remotely approaches it in quality!

It's the first and only low-priced car with the original and outstanding Unitized Knee-Action Ride. It's the first and only low-priced car with a world's champion Valve-in-Head Engine. It's

the first and only low-priced car with the enviable Body by Fisher. It's the first and only low-priced car with the triple safety-protection of Fisher Unitsteel Body-Construction, the Unitized Knee-Action Ride and Positive-Action Hydraulic Brakes.

And yet, despite the fact that CHEVROLET AND ONLY CHEVROLET IS FIRST to offer all these major advancements of low-cost motoring, it holds an even greater price-advantage and gives you even more value for your dollars in comparison with other automobiles today than at any previous time in Chevrolet history!

That is why more people are buying Chevrolets than any other make of car, this year as for the total 17-year period, 1931 to date; that is why they are agreeing, with ever-mounting enthusiasm, that Chevrolet is first in dollar-value as it is first in nation-wide demand.

ST. ANN'S TO PLAY BURLINGTON TONIGHT

The third annual night game between St. Ann's A. A. of the Bristol Suburban League, and Burlington A. A. of the Burlington County League, will be played tonight on the Burlington High School field starting at 8:15 o'clock.

In the two previous games, St. Ann's was the victor over their Jersey foes and on both occasions, "Danny" Keegan was the winning pitcher. Tonight, the Burlington team, backed by the Niagara Fire Company, will seek revenge and will throw in their star pitcher, "Slim" Miller, against the "Saints."

Manager John Scordia is undecided as to whom will twirl for the Wood streeters but the remainder of the lineup will be the same with Barney Ludwig behind the plate, Fred Barbetta on first, Bert Barbetta on second, Tony Palumbo on short, and "Sugar" Sallustio on third. The outfield will be composed of Joe Ciabella, "Chick" Ciabella, and "Sal" Pappaterra.

Burlington has won 10 games and lost three in the Burlington County loop. Not including last night's game with Langhorne, St. Ann's has won 15 and lost 4.

TO PLAY IN ALL-STAR GAME

Three members of the Bristol Junior Legion team will play in the Legion All-Star game tomorrow afternoon at Quakertown. Major league scouts will be present at the game to look over the players of the circuit. Those picked from Bristol are: "Bill" MacSherry, star catcher; "Johnny" Pindar, outfielder and pitcher, and "Dick" Harmon, also a hurler.

ALWAYS THE VALUE-LEADER... Always the first choice of people who want the finest at lowest cost... Chevrolet's value-leadership is now so outstanding that men and women everywhere are deciding it's more than ever the preferred investment in its field!

Not only does Chevrolet stand out as the first and only low-priced car with all the following major advances which comprise the soundest and best in modern motoring... not only does it offer all these major advantages of Big-Car quality at lowest prices... but it offers them at prices that are now definitely and decisively lower than those of any other car that even remotely approaches it in quality!

It's the first and only low-priced car with the original and outstanding Unitized Knee-Action Ride. It's the first and only low-priced car with a world's champion Valve-in-Head Engine. It's

the first and only low-priced car with the enviable Body by Fisher. It's the first and only low-priced car with the triple safety-protection of Fisher Unisteel Body-Construction, the Unitized Knee-Action Ride and Positive-Action Hydraulic Brakes.

And yet, despite the fact that CHEVROLET AND ONLY CHEVROLET IS FIRST to offer all these major advancements of low-cost motoring, it holds an even greater price-advantage and gives you even more value for your dollars in comparison with other automobiles today than at any previous time in Chevrolet history!

That is why more people are buying Chevrolets than any other make of car, this year as for the total 17-year period, 1931 to date; that is why they are agreeing, with ever-mounting enthusiasm, that Chevrolet is first in dollar-value as it is first in nation-wide demand.
